Birnagar Temple Project

Kirtan Seva Trust

IN THIS ISSUE:

1. Preaching Center Construction
2. Naturopathy Guesthouse Blueprint
3. Social Media Outreach Efforts

A message from the Project Director

On behalf of the President HH Jayapataka Swami

Dear Birnagar Temple Project Well-Wishers

In this August issue, we share key progress from the past few months and how your generous contributions are being utilized. Keeping our donors and well-wishers regularly informed is an important way to strengthen our connection and engagement with everyone supporting this mission.

I appeal to all core team members to share this newsletter widely—from every level of KKD Yatra's Chakra leaders to donors and well-wishers beyond KKD—to expand awareness, participation, and support. We remain deeply grateful for your continued prayers, encouragement, and generosity as we move forward together.

Your ever well-wisher,
Vaikunthapati Das

Preaching Center Construction

With the Birnagar Preaching Centre now established (details in July 2026 issue), our next step is to build an adjoining space for brahmacharis who will support and sustain daily preaching activities. The proposed structure will include 3 rooms, a kitchen, store room and office room requiring approx. ₹10 lakhs to complete.

We humbly invite devotees and well-wishers to participate in this important next phase by contributing toward the construction. Every offering, large or small, will help create a base for those dedicated to serving and expanding Srila Bhaktivinoda Thakura's mission in Birnagar. We also request you to share this opportunity with family, friends, and others who may wish to be part of this noble seva and help bring this vision to fruition.

Details on how to donate can be found toward the end of the newsletter.

Naturopathy Guest House Blueprint

A key goal of the Birnagar Temple Project is to establish a Naturopathy Centre offering holistic treatment and wellness. To support patients during their treatment, plans are underway for a three-storey, Kerala-style guesthouse featuring 33 rooms across three categories and four individual cottages.

With the design drawings now complete, the next step is to engage a local Birnagar consultant to secure municipal approvals and begin construction. In parallel, the Naturopathy Centre itself will be designed in consultation with reputed wellness resorts to incorporate leading practices in holistic care.

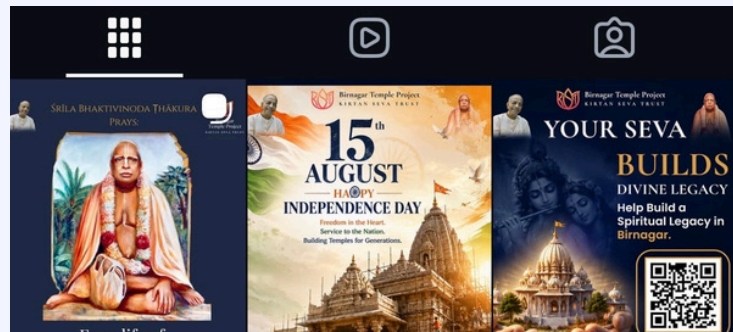

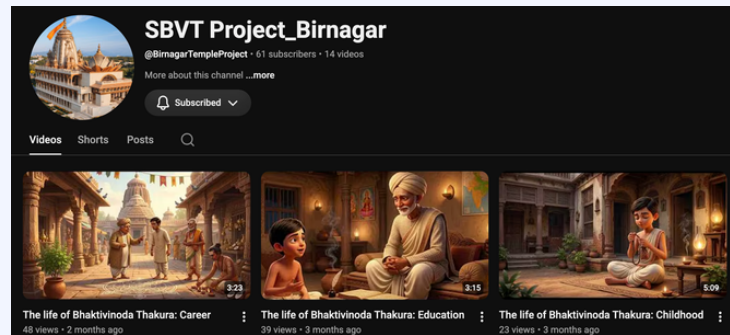

Social Media Outreach Efforts

Over the past few months, our social media team has been expanding awareness of the Birnagar Temple Project through Instagram, Facebook, and YouTube, sharing Srila Bhaktivinoda Thakura's teachings, Vaishnava songs, glimpses into his life, and key project milestones. A dedicated website also provides information on the project team, roadmap, development progress, and opportunities to participate through donations and volunteering.

We invite you to help extend this outreach by following and subscribing to our channels and sharing them with others. Simply click the icons below to follow us and use the link below to visit our website.
